

# VACCUM GUN

## Model LKE-1

**The Jarvis Model LKE-1 - pneumatically controlled gun for high speed vacuum removal of kidneys, bloodline and eggs.**

# JARVIS

- Ideally suited for removal of kidneys, bloodline and eggs.
- Operator fatigue and error is reduced by the unique air trigger system.
- Lightest lung gun available - only 1.5 lbs (0.7 kg).
- Instantaneous vacuum - no delay.
- Easy to clean for optimum hygiene - simply suck hot soapy water through with the vacuum, and spray externally.
- Replaceable tubes and handles reduce maintenance costs compared with single piece construction guns.
- Meets national and international requirements for safety and hygiene.

**LIGHTWEIGHT - SUPERFAST**

# VACCUM GUN

## Model LKE-1
